Driver's Briefing

Briefings will be held on Saturday 28th June at 8.15am and Sunday 29th June at 8.15am sharp. Attendance is compulsory for all drivers and a roll will be called. Non-attendance at briefing will result in driver not being able to compete in that day's racing. Circumstances that prevent drivers from attending briefing, must be communicated to the officials prior to Pit closure of 7.30am on both Saturday and Sunday 7.30am sharp. (Please understand that there are over 400 cars coming in on display on Sunday and we cannot have boats entering the venue while we are trying to park cars. Your assistance in this matter will be greatly appreciated. We apologise in advance for the inconvenience).

Breath Testing

Breath testing will be conducted immediately prior to the driver's briefing on official practice day & each day of competition. Random breath tests will be conducted throughout each day. All officials & any drivers participating in official practice must undergo a breath test. All drivers and officials must undergo a breath test and record a zero reading on each day of competition & when requested for random breath testing. If a positive reading is returned, that driver cannot compete at that day's racing. If the breath analysis equipment is considered faulty, Officials may afford a driver a second test or use other breath analysis equipment if available. Such a test is to be conducted within 10 (ten) minutes of the original test or the minimum recommended interval as given by the manufacturer of the equipment.

Pits

Pits close at 7.30am on both Saturday and Sunday. No boats will be permitted to enter the pits after this time- without exception. There will be no smoking or lit barbeques allowed in the pits. **Full covered footwear must be worn at all times.**

Boats can be left at the venue, as the venue gates are locked at the main entry each night by 6pm.
